

NORDIC SPOT

Spot the difference

WE TURN ON THE LIGHT

..complete lighting solutions at their best

WHO IS NORDIC SPOT?

We are not just another lighting company.. We are game-changers in the industry!

With our passion for light and 20 years of solid experience within our team, we have created Nordic Spot to revolutionize your experience of display lighting. Whether it is "one-size-fits-all", custom-made lighting or something in between, we are ready to spot the perfect solution.

Welcome to Nordic Spot and our lighting universe, where our know-how, passion and creativity sets a new standard for lighting in the industry!

OUR CORE:

Quality:

Our products doesn't just meet standards – They set them.

We don't compromise on quality and our products is crafted to deliver exceptional performance and durability. Our commitment to quality ensures that your displays always shine bright and make a lasting impression.

By selecting the best suppliers and placing high demands on their products, we ensure that the lighting has high performance and durability.

Technology:

We keep up with the latest trends and new technology.

We challenge our suppliers to be quick as lightning, so we can deliver products that are at filled with the latest tech on the market.

Design:

It's not just about illumination - It's also about combining function and aesthetics.

^Cause let's face it. Looks does matter and with our products and attention to details, your lighting will not only be elevated through quality and technology, but also through a touch of class and beauty.

DISPLAYLIGHTING AT ITS BEST

ON MINI SPOT

..small spot, big personality

Here's your go-to miniature spotlight - Designed to highlight your products from any angle, with elegance and flexibility combined.

With adjustable and rotatable light direction, it's bye, bye to poorly lit products and hello to perfect lighting.

OnMiniSpot has a magnetic back and can easily be mounted on magnetic power tracks. This creates flexibility, quick installation, and easy maintenance.

OnMiniSpot offers both functionality, flexibility, and aesthetics – What's not to like?

ON STICK STRAIGHT

..not rigid in manner

Here you get not just a beautiful thing, but also a flexible one.

OnStickStraight can be adjusted in height by +/- 50 mm, with a single push or pull. This allows for customization to perfectly suit you and your products.

With a 90-degree direct light distribution, it ensures even and efficient lighting. Moreover, it is available in two heights, leaving no excuse for why OnStickStraight wouldn't fit your display.

ON MINI SPOT CARDAN

..“I like to move it, move it”

With OnMiniSpot Cardan, precise displaylighting is once again the main focus - And this time, with extra focus.

The tiltable head gives OnMiniSpot Cardan greater mobility, allowing it to targeting lighting on a whole new level.

OnMiniSpot Cardan can easily be mounted on magnetic power tracks. Flexibility and easy maintenance are thus words we can confidently vouch for.
