WE TURN ON THE LIGHT

..complete lighting solutions at their best

WHO IS NORDIC SPOT?

We are not just another lighting company.. We are game-changers in the industry!

With our passion for light and 20 years of solid experience within our team, we have created Nordic Spot to revolutionize your experience of display and showcase lighting.

Whether it is “one-size-fits-all”, custom-made lighting or something in between, we are ready to spot the perfect solution.

Welcome to Nordic Spot and our lighting universe, where our know-how, passion and creativity sets a new standard for display and showcase lighting in the industry!

OUR CORE

QUALITY

Our products not only meet the standard - they set it.

By selecting the best suppliers and imposing high demands on their products, we ensure that the lighting has high performance and durability.

Through our many years of experience with display lighting, we can spot quality in both materials and the lighting itself.

And we do not compromise on any of it.

TECH

We stay updated on the latest trends and new technology.

We challenge our suppliers to be quick as lightning and in constantly development, so we can deliver products that has the latest technology within them.

As spotlight specialists, we are experts in technology. We know what is inside our products and how everything works.

Therefore, we are confident in offering a 5-year warranty on our products.

DESIGN

Let's face it - Looks do matter. So we combine function and aesthetics.

With a competent and dedicated design unit, we can ensure designs for any needs. We can also create prototypes, so our customers can "see with their fingers."

We combine both quality and technology with that touch of beauty, you wish for in your showcase or display.

This ensure that we deliver products, that bring out the best in yours.
